

Composition – lesson 2

Developing ideas

An important part of composition is picking your ideas your starting ideas carefully to make sure they are strong ideas which have lots of potential to be developed into a longer piece.

- Play through your ideas from last week
- Which one are your favorites and why?
- How could you use these ideas in a longer composition?

How have the composers used the Musical elements to create atmosphere?

How have the composers used different composition techniques to develop their ideas into longer sections?

Developing ideas

- Choose 4 of your composition ideas from last lesson to develop using different composition techniques.
- Also think about how you can use your ideas to create atmosphere using the elements such as dynamics and tempo changes
